Advanced Assembly Named One of America's Fastest-Growing Private Companies by Inc. Magazine

Exclusive Inc. 5000 List Names Advanced Assembly as the Fastest Growing PCB Assembly Service Provider in the Country

Denver, CO – August 29, 2011 – Advanced Assembly, a leader in SMT assembly services for printed circuit boards, today announced it has been included in Inc. Magazine's exclusive list of the nation's fastest-growing private companies. The list provides the most comprehensive look at the most important segment of the economy—America's independent-minded entrepreneurs. Advanced Assembly's three year growth rate of 256% makes it the country's fastest growing pcb assembly service provider. The company's success also places it among the top 25 fastest growing companies in Denver, CO.

"It is an honor for Advanced Assembly to be included in this prestigious list of remarkable U.S. companies," said Lawrence Davis, Advanced Assembly president and CEO. "Our incredible growth and success is a direct reflection of the hard work and exemplary service our employees deliver to clients every day. Without them we would not be able to meet the quickturn, prototype assembly needs and quality standards demanded by our customers."

In a stagnant economic environment, median growth rate of 2011 Inc. 500|5000 companies remains an impressive 94 percent. The companies on this year's list report having created 350,000 jobs in the past three years, and aggregate revenue among the honorees reached \$366 billion, up 14 percent from last year.

About Advanced Assembly

Advanced Assembly is an Aurora, Colorado company specializing in quick-turn, SMT assembly for design engineers needing low volume or prototype printed circuit board assembly. With customers like Motorola, AT&T and Intel, and close supplier relationships with Digi-Key, Mouser and Arrow, Advanced Assembly is quickly becoming the industry leader for prototype printed circuit board assembly.
